## **Grout Sealer Lifetime Warranty**

**Congratulations**, you have just had your grout professionally sealed. **Great Northern Stone (GNS)** warrants to the owner of the grouted surface for the lifetime of the grout, that if a treated area becomes stained with a material that cannot be removed by the client using a **GNS Approved Floor Cleaner**, **GNS** will attempt to remove the stain **FREE** of **CHARGE**. If needed, **GNS** will also reseal the grout **FREE** of **CHARGE** for the lifetime of the surface

*No hard surface is completely stain proof. Sealers will increase your ability to remove spots before they become stains and will help protect the surface from future staining, but we cannot guarantee the areas to be completely stain proof, only stain resistant.*
